CONTENTS OF VOLUME 13

No. 1, March 1986

In vivo microbubble detection in decompression sickness using a second harmonic resonant bubble detector
C. L. Christman, P. W. Catron, E. T. Flynn, and P. K. Weathersby 1

CNS oxygen toxicity in the rat: role of ambient illumination
N. Bitterman, Y. Melamed, and I. Perlman 19

Effect of intravascular bubbles on perfusate flow and gas elimination rates following simulated decompression of a model tissue
A. Baz and S. I. Abdel-Khalik 27

Pressure and temperature modulation of conduction in a bifurcating axon
Y. Grossman and J. J. Kendig 45

Effects of high pressure on platelet aggregation in vitro
R. A. Price, D. Ogston, and A. G. Macdonald 63

Hyperbaric exposure to a 5 ATA He-N_2-O_2 atmosphere affects the cardiac function and organ blood flow distribution in awake trained rats
J. Risberg and I. Tyssebotn 77

Screening for oxygen intolerance in U.S. Navy divers
F. K. Butler, Jr., and M. E. Knafelc 91

Use of EEG digital filtering and display for HPNS diagnosis
P. B. Bennett, N. Janke, M. Kolb, and E. Schwieger 99

An acoustic approach to diver navigation
H. Hollien, J. W. Hicks, Jr., and B. Klepper 111

Book Review

Scuba life saving. Albert Pierce.
Reviewed by Douglas Mayers 129

No. 2, June 1986

Hypothermia impairs but hyperthermia does not promote inert gas elimination in the rat
G. W. Mack and Y. C. Lin 133

Blood glucose as a predictive measure for central nervous system oxygen toxicity in conscious rats
D. Torbati and A. Torbati 147

Affect of 2-aminophosphonoheptanoic acid on the EEG of rats exposed to high pressure
B. Wardley-Smith, J. C. Rostain, B. S. Meldrum, and M. J. Halsey 155

Modeling the observations of in vivo bubble formation with hydrophobic crevices
P. Tikuisis 165

Reversibility of oxygen-induced injury to the alveolar epithelium: an ultrastructural study
P. A. Nickerson and S. Matalon 181
Central nervous system oxygen toxicity in closed-circuit scuba divers II
F. K. Butler, Jr., and E. D. Thalmann 193
Cognitive and emotional changes during a simulated 686-m deep dive
P. E. Logue, F. A. Schmitt, H. E. Rogers, and G. B. Strong 225
Health risks of diving among U.S. Navy officers
A. Hoiberg and C. Blood 237
Cardiac output by impedance cardiography during head-out water immersion
K. Shiraki, N. Konda, S. Sagawa, Y. C. Lin, and S. K. Hong 247
Abstracts 257

No. 3, September 1986
Editorial 269
A method for production of N_2-microbubbles in platelet-rich plasma in an aggregometer-like apparatus, and effect on the platelet density in vitro.
T. Thorsen, A. Brubakk, T. Øvstedal, M. Farstad, and H. Holmsen 271
Effects of platelet antagonists on the reduction in platelet density caused by microbubbles in vitro.
T. Thorsen, T. Øvstedal, A. Vereide, and H. Holmsen 289
Direct ascent from shallow air saturation exposures
R. G. Eckenhoff, S. F. Osborne, J. W. Parker, and K. R. Bondi 305
Cerebral vasoreactivity and arterial gas embolism
D. F. Gorman and D. M. Browning 317
Hyperbaric oxygen therapy in experimentally induced acute cerebral ischemia
O. Shiokawa, M. Fujishima, T. Yanai, S. Ibayashi, K. Ueda, and H. Yagi 337
The effects of ethanol and amphetamine on inert gas narcosis in humans
B. Fowler, K. Hamilton, and G. Porlier 345
The effects of inert gas narcosis on the vestibular ocular reflex
K. Hamilton, G. Porlier, J. Landolt, W. Fraser, and B. Fowler 355
The ionic basis of short-circuit current in toad skin at high hydrostatic pressure
J. M. Goldinger, M. E. Duffey, R. A. Morin, and S. K. Hong 361
The effect of pressure on oxidative metabolism of drugs by mouse hepatic microsomes
H. J. Marriage, W. D. M. Paton, and D. J. Harvey 369
Consequences of U.S. Navy diving mishaps: decompression sickness
A. Hoiberg 383
Book Reviews
Medicine for the outdoors: a guide to emergency medical procedures and first aid. Paul S. Auerbach
Reviewed by H. Lester Reed 395
The professional diver's handbook. Edited by David Sisman
Reviewed by Jim Joiner 396

No. 4, December 1986
Effects of high pressure on the release of excitatory amino acids by brain synaptosomes
S. G. Gilman, J. S. Colton, A. J. Dutka, and J. S. Boogaard 397
Effect of barbituric acid on the high pressure nervous syndrome in the rat
J. C. Rostain, B. Wardley-Smith, M. J. Halsey, and J. F. Nunn 407

Sperm maturation associated with subfertility following hyperbaric exposure of mice
P. Fryer, J. Gross, M. J. Halsey, S. Monk, and B. Wardley-Smith 413
Hydrogen washout in bone cortex and periosteum
E. N. Lightfoot, R. F. Rudolph, A. M. Lenhoff, E. H. Lanphier, C. E. Lehner, and L. A. Whiteside 425
An effect of CO_2 on the maximum safe direct decompression to 1 bar from oxygen-nitrogen saturation
P. Y. Bell, J. R. Harrison, K. Page, and M. Summerfield 443
Intramuscular diclofenac sodium as adjuvant therapy for type I decompression sickness: a case report
J. D. M. Douglas 457
Pain-only decompression sickness affecting the orbicularis oculi
B. L. Hart, A. J. Dutka, and E. T. Flynn, Jr 461
Compression pain in a diver with intraosseous pneumatocysts
B. L. Hart, P. N. Brantly, P. R. Lubbers, B. K. Zell, and E. T. Flynn, Jr 465
